PROFESSIONAL SUMMARY

Front-End Developer with hands-on experience in developing scalable, high-performance web applications using React, TypeScript, and JavaScript (ES6+). Strong experience in enterprise and banking projects, Agile/Scrum environments, CI/CD pipelines, RESTful APIs, and modern front-end architectures. Focused on clean code, SOLID principles, performance optimization, and maintainable component-based design. Known for strong communication skills, analytical thinking, reliability, and effective collaboration with cross-functional teams and stakeholders; delivered production-ready enterprise applications used by major banks across the full development lifecycle. Experienced in collaborating with distributed and cross-functional teams.

TECHNICAL SKILLS

Front-End Technologies:
React, React Native, Next.js, TypeScript, JavaScript (ES6+), HTML, CSS, SCSS, Tailwind, Material UI (MUI), Ant Design
State Management & Architecture:
State Management, Context API, Redux, Advanced React Patterns, Component Architecture, SOLID, OOP, BDD, Unit Testing
APIs & Performance:
REST APIs, API Integration, Performance Optimization, Responsive Design, Cross-Browser Compatibility
DevOps & Tools:
Git, GitHub, GitLab, GitHub Actions, Jenkins, CI/CD Pipelines, SonarQube, Docker
Agile & Collaboration:
Agile, Scrum, Jira, Confluence, Figma, Collaboration
Design Tools (basic):
Figma, Adobe Photoshop, Adobe Illustrator

PROFESSIONAL EXPERIENCE

KEY YAZILIM — Front-End Developer / Frontend Engineer *(Nov 2023 - Jan 2026)*
Projects/Clients: Halkbank (primary), public sector and major banking clients (including Land Registry Directorate of Turkey) — valuation platforms (Invex, Hypotex, Propex)

- Developed **enterprise-level real estate valuation web applications** used by major Turkish banks.
- Built scalable, responsive, and cross-browser **React and TypeScript** user interfaces.
- Integrated **RESTful APIs** and collaborated closely with backend teams.
- Designed and implemented features using **BDD** and modern React patterns.
- Delivered features to production via CI/CD pipelines (GitHub Actions, Jenkins) within Agile sprint cycles.
- Improved front-end performance and load times through optimized component rendering and code refactoring.
- Increased code maintainability and reduced defects by applying SOLID principles and regular code reviews.
- Contributed to consistent on-time feature delivery and supported production applications used by internal and external users.
- Worked in Agile/Scrum teams with Product, DevOps, and Design stakeholders.
- Communicated effectively with cross-functional teams, supported junior developers, and ensured reliable feature delivery in fast-paced Agile environments.

FREELANCE — Front-End Developer *(Mar 2023 – Jun 2023)*

- Developed a full-featured **e-commerce web application** using React and JavaScript.
- Focused on performance optimization, responsive design, and usability.
- Integrated APIs and resolved backend integration issues.

TENOKS ARITMA TEKNOLOJİLERİ A.Ş. — Web Development, Hardware & Network Admin *(Jan 2019 – Feb 2022)*

- Managed and maintained corporate websites using **WordPress**, including content updates, structure improvements, and ongoing site administration.
- Took full responsibility for the maintenance of company hardware devices and the operation, upkeep, and troubleshooting of the established network infrastructure.

FREELANCE — Web & Mobile Development *(Nov 2016 – Dec 2018)*

- Developed a mobile phone directory application using Android Studio, implementing core functionality with **C++.**
- Built simple personal websites and small business websites using HTML and CSS with Adobe Dreamweaver.
- Established a **strong foundation** in web and mobile development through hands-on project development and continuous skill improvement.

EDUCATION

Uludağ University — Bachelor's Degree in Computer Education & Instructional Technology *(2011 – 2016)*
Ahmet Çiçek Anatolian Technical High School — Web Technologies & Software *(2007 – 2011)*

CERTIFICATIONS

Advanced React Certificate — Scrimba *(Jun - Dec 2025)*
Front-End Developer Training Program — Techpro Education *(2022 – 2023)*
